

Panther[®] SERIES SRL's

Self-Retracting Lifelines

Substantially built with the highly trained worker in mind.

Fall arrest is serious business and the new Panther[®] Self-Retracting Lifeline is a serious solution to this demanding application. Designed with an integral spring locking mechanism to pay out and retract the 3/16" galvanized steel cable lifeline, the Panther[®] secures the worker where a dangerous fall could occur.

- Lightweight/compact
