## K 3000 Vac

An electric power cutter that enables clean dry cutting without dust or water. The vacuum unit provides superior dust collection, making this machine a market leader. Unlike other electric cutters, the blade rotates forward, cutting into the material efficiently and with a minimum of strain on the user. The K 3000 Vac also has Elgard™ that warns of an approaching overload.

**SUPERIOR DUST COLLECTION**  
Its unbeatable dust collection makes it possible to cut without water. The vac solution is a part of DEX (dust extinguisher system).

**QUICK CONNECTION PLATE**  
With the quick connection, you can easily switch between traditional and vacuum assisted cutting.

**PERFECT OVERVIEW**  
You have great control of the cutting, since the blade is clearly visible even when the dust collector is mounted on the machine.

**ELGARD™**  
The advanced electronic overload protection – varies the rotation speed to warn of approaching overload.

## Features

- Generously dimensioned mitre gear provides high durability, minimal power loss and low noise levels.
- DEX, the new Dust Extinguisher System that gives cleaner cutting with less water usage and slurry.
- Unlike other electric cutters, the blade on the K 3000 Vac rotates forward, cutting into the material efficiently and with a minimum of strain on the operator.
- Provides smooth and easy starting with normal, slow acting fuses.
- Reduces the risk of sticking and kickback.
- The convenient, patented design of the rear handle makes operation easier.
- A powerful electric cutter for both indoor and outdoor use. It has a vacuum unit that provides superior dust collection. Unlike other electric cutters, the blade on the K 3000 Vac rotates forward, cutting into the material efficiently and with a minimum of strain on the operator.
- Powerful, versatile electric cutter.
- Its unbeatable dust collection enables you to cut without water. The Vac solution is part of our DEX (dust extinguisher) system.
- The Vac attachment's unbeatable dust collection enables you to cut without water. The Vac solution is part of our DEX (dust extinguisher) system.
- Allows good vision of the cutting, as the blade is visible even when the Vac attachment is installed.

## Technical data

Voltage	230 / 120 / 110 V
Rated current, A	12/15/20 A
Rated input	2700/1800/2200 W
Blade diameter	14 inch
Max cutting depth	4.5 inch
Weight (excl. cutting equipment)	19.6 lbs
Vibrations front handle	3.5 m/s <sup>2</sup>
Vibrations rear handle	3.5 m/s <sup>2</sup>
Sound power level, guaranteed (LWA)	105 dB(A)
Sound pressure level at operators ear	95 dB(A)
