GPi 4300

Portable Inverter Generators (1700 - 4300 W)

Convenient and rugged portable power

The GPi 4300 is an easy to operate, portable inverter generator that offers clean 120V AC power that is ideal for powering small tools and sensitive electronics. It's a great choice for residential or recreational applications, but is rugged and powerful enough to meet the demands of the construction industry.

- Inverter technology allows for variable engine speed that automatically adjusts to the power needs of the connected equipment, reducing operating costs and extending time between refueling.
- Integrated flywheel and generator design results in compact, lightweight unit that is quiet and fuel efficient.
- High surge capacity provides for output as high as 120% over rated power for up to 20 seconds.
- Multi-monitor information display shows the generator performance, voltage, frequency, hours of operation and if present, overload condition
- GFCI portected 110V duplex outlet for personal protection.

GPi 4300

Portable Inverter Generators (1700 - 4300 W)

Technical specifications

Dimensions

L x W x H	20.6 x 18.8 x 19.9 in
L x W x H Shipping	24 X 23.6 X 26.4 in
Weight Dry	99.2 lb
Operating weight	121.3 lb
Shipping weight	108 lb

Electrical system

Electrical power (Max.)	4,300 W
Electrical power (Continuous)	3,800 W
Voltage	120 V
Current AC (Continuous)	31.7 A
Circuit breaker DC	10 A
Frequency	60 Hz
Power factor	1 cos Φ 1~
Receptacles AC	1 NEMA 5-20R / 1 NEMA 5-30R
Receptacles DC	+/- Terminals
Generator insulation (class)	B

Engine / Motor

Engine / Motor manufacturer	Robin
Engine / Motor	EX27
Fuel type	Gasoline
Cylinder	1
Displacement	16.17 in³
Operating performance	8.2 hp
RPM / speed	3,600 rpm
Power Rating Specification	SAE J1349
Fuel consumption	0.63 US gal/h
Tank capacity Gasoline	3.7 US gal
Tank capacity Oil	1.06 US qt

ICM of America Internet Sales 877-494-5793

Runtime	5.8 h
Starting device	Recoil
