

PLUG TECHNOLOGIES PLUGS SOLD BY ICM OF AMERICA

Multi-Size FatBoy Max-Guzzlers™

Our Max-Guzzlers™ are specifically designed for bypassing flow. The male nipple with npt threads make it easy to connect bypass hoses for pumping and or gravity bypassing.

Natural rubber construction gives our Guzzler™ and Max-Guzzlers™ plugs a broad usage range.

Polyester cord gives our plugs strength and durability.

The lightweight aluminum bypasses make our Guzzler™ plugs lightweight and easy to install.

Replaceable 1/4" tank valve and inflation assembly.

Our Max-Guzzler™ plugs uses larger bypasses to allow you to bypass a greater amount of flow.

Custom size plugs and bypasses are available!
