1128	1/2"	12	4" - 8"	2,36" x 1,57"	0,66	6	1	---	3

Very similar to the Rocket Nozzle large, this smaller version has serious power behind it also! The tight spray angle of 7° combined with the one piece-ceramic inserts and 3D fluid mechanics produce incredible results. Constructed from hardened stainless steel, the powerful jet pattern created by the Rocket nozzle 3D can flush dirt/mud, rocks, and any other large heavy material you may find in sewer or storm pipe.
