

EXTEND THE LIFE OF YOUR PLUGS!

THE LANSAS PROTECTIVE SLEEVES

not only protect the plug while being moved around the jobsite, but offers further protection by remaining on the plug while inflated in the pipeline. These sleeves help eliminate damage from pipeline debris, degraded pipe, barnacles, and more. Lansas Protective Sleeves can easily be repaired at the factory.

**EXCELLENT
FOR USE WITH
RENTAL PLUGS**

**Part No.
069-1530**
